\*\*on application

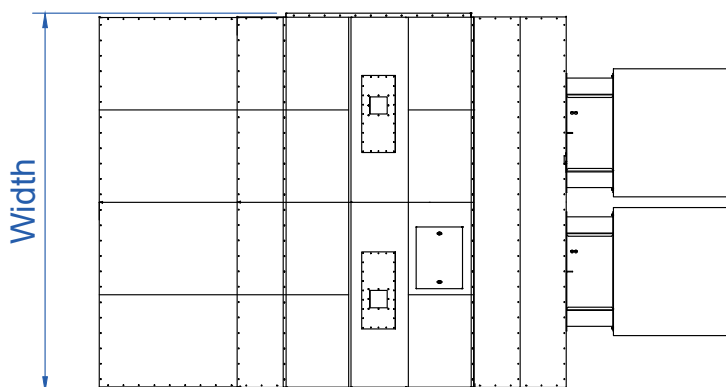

\* Incoming capacities stated are guideline only and based on: Ambient temp: 15%; Relative humidity: 80%; Product: Wheat; Incoming moisture content: 20%; Outgoing moisture content: 15%; Hot air temperature: 125%. Variation in operating conditions and crop varieties will affect the throughput of the drier.

**“3 types, 140 sizes. One of them will meet your needs”**

## **Allmet<sup>®</sup>** The Grain Drier People

- An ISO9001 accredited company with over 60 years of experience
- Huge range of driers rated from 10t to 300t per hour
- Touch screen control panels
- Installation, spares and servicing
